

Cake servings depend on how large you cut the pieces. Cake servings listed are based on 1" x 2" slices. Our cakes average 5" - 6" tall. Tiered cakes average 4.5" - 5.5" tall per tier. All cakes are 3 layers of cake with buttercream filled layers.

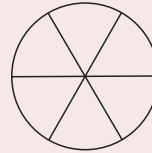

This guide will help decide the best size to order. Things to consider, do you have guests with small or large appetites? Do you want left overs?

Note: only available on tiered cakes. 4" is not available for purchase as an individual custom cake.

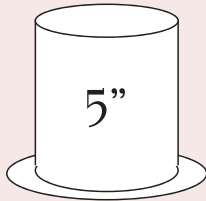

4-8 servings
